

UIManager::createLoginWidget

```
graph LR; A[UIManager::createLoginWidget] --> B[UIManager::requestReady]; B --> C[UIManager::makeRequest];
```

The diagram illustrates a three-step process flow for the UIManager class. It begins with the 'createLoginWidget' method, followed by 'requestReady', and concludes with 'makeRequest'. The first two steps are represented by white boxes with black borders, while the final step, 'makeRequest', is highlighted with a gray background. Blue arrows indicate the sequential flow from left to right between each step.

UIManager::requestReady

UIManager::makeRequest
